A screenshot of the Marine World Cargo website. The page features the company logo at the top left, a descriptive paragraph about their global forwarding and supply chain network, a central collage of images including a cruise ship, a group of people, and a cargo ship, and a testimonial quote. At the bottom, the company name and website URL are displayed.

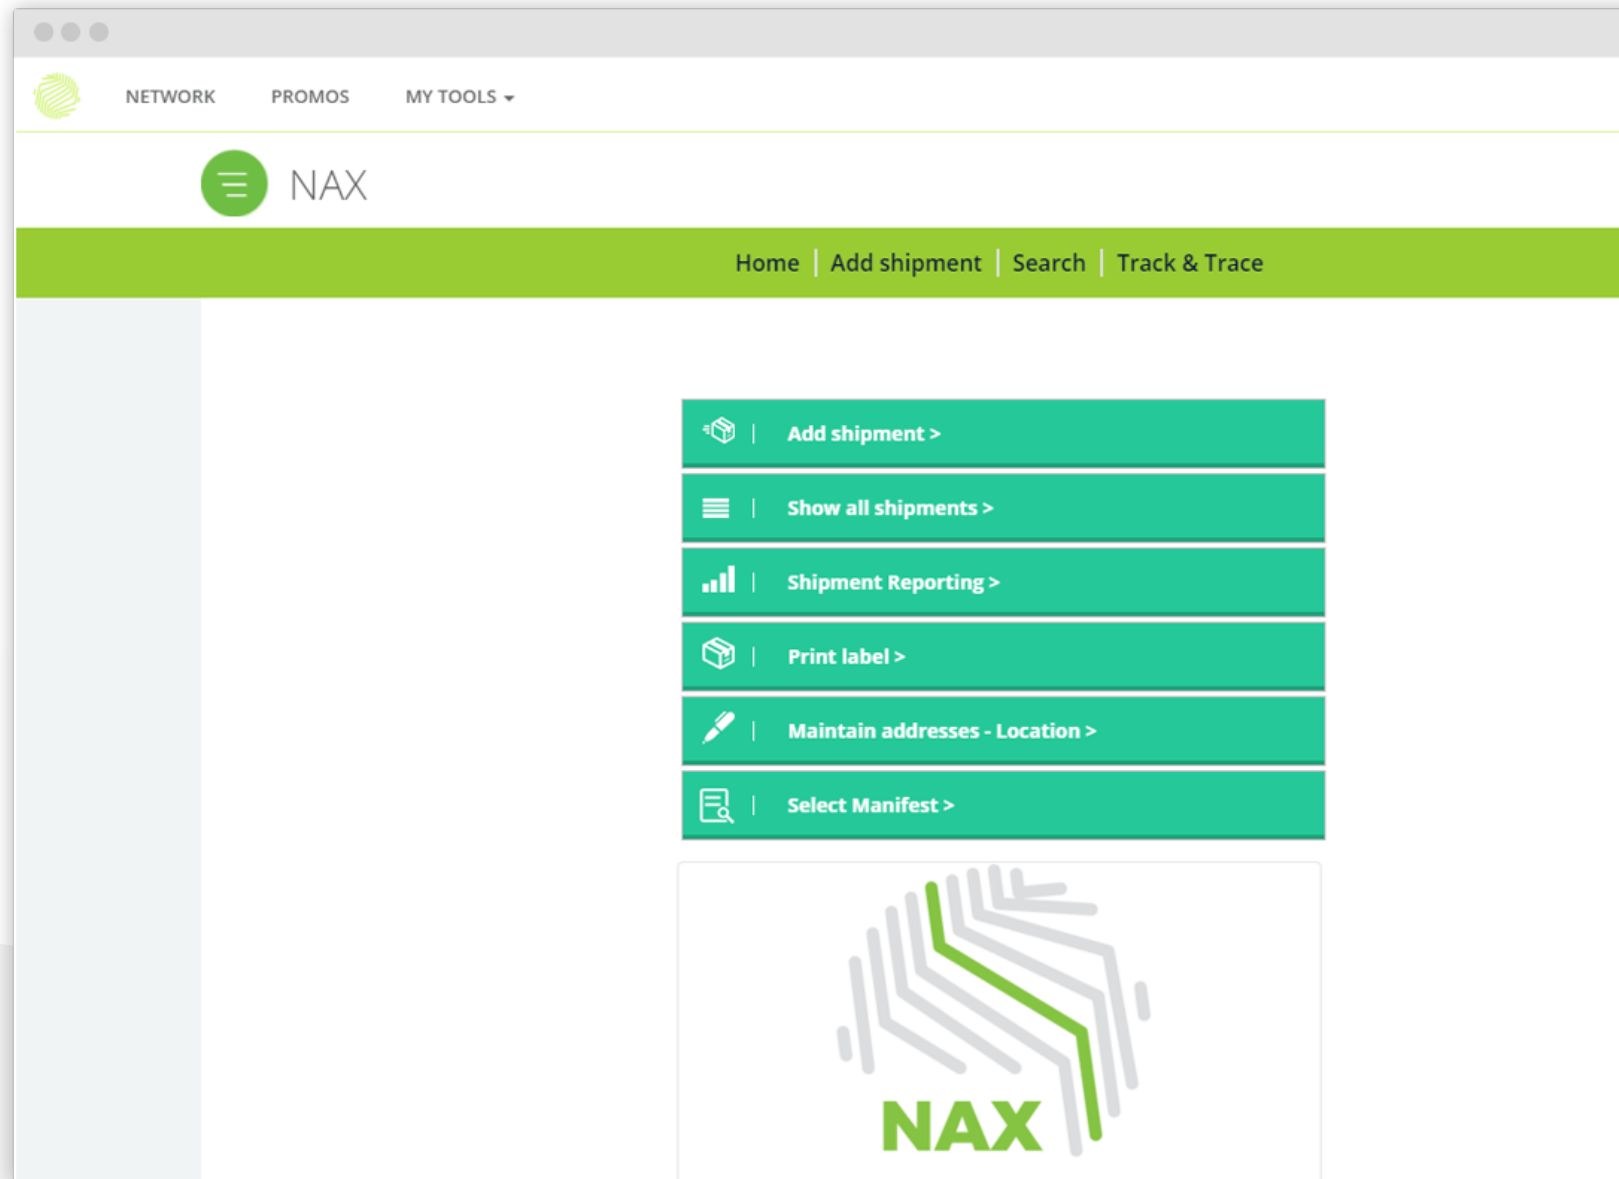

Marine World Cargo is a global specialized forwarding and supply chain network dedicated to the specific needs of ship owners, cruise lines, ship management companies and ship suppliers. Our global offices with specialized and experienced hands ensure fast, reliable and efficient door-to-vessel supplies.

"It's not rocket science, but it is a specialized area of international Logistics that not every forwarder port service agent or broker can handle." Most of logistics companies advertise they also handle ship spares and offer marine logistics services, But are they really specialized to serve the needs of the Shipping industry 24 hours a Day all year around? Our MWC Partners are .

# NAX EXPRESS

NAX is an online express and wholesale rate platform, designed to delivering solutions for all your courier and express shipments ..

## NAX Specialists

- NAX partners will consist of 3 types of companies: leading and independent express & courier service firms, time critical experts, as well as e-Commerce specialists, dedicated to providing neutral and innovative logistic solutions to the trade.
- NAX will provide you with a platform to engage with time critical & express professionals who share your passion for business excellence and offers you the network to compete globally.
- A membership in NAX will give you the tools you need to streamline your business and capitalize on high revenue growth.

## e Commerce

The world is changing, consumers habits are changing the way we shop. The landscape in freight forwarding and logistics is shaping the way that we do business today in this revolutionary age of e-commerce.

- Our aim is to bring awareness to the wider NAP community, to share some of our eCommerce experiences when engaging with clientele encountering eCommerce propositions in logistics.
- Our eCommerce specialists will share with members on how they will be able to compete against the consolidators and still be competitive, price conscious and reliable. Members will have a great platform to win new business within a new market place with a fresh new audience.

## Acquire extensive NAX knowledge ...

Members no longer need to be apprehensive and turn business away through lack of education or understanding. Rest assured, NAX will be there to guide and assist you through the journey.

- Opportunities come knocking only a few times within a life time.
- Be in that right place at that right ... Be NAX
